Long Beach Race Week

Question for Officials

Date: 2026-06-27

Question No: 01
Question For: Race Committee

Question:

Cuchulainn Calls out an 84, which is the one design rating number for rl. But we saw them fly a code zero.

Do they have a certificate that supports this? They have a standard OD and a PHRF rating posted on PHRF socal. But one design rules do not allow a code zero.
