**New Equipment:**

**Reason:**

Race 1 down wind leg KALANTIS ripped its A2+ I'm glad across it too section and down the leach. We have had the onsite sailmakers access the reappear. The conclusion it's to big a job to be done during the event.

We'd like to substitute the sail for our trainer spinnaker. With attached soze difference.

**Response: Approved**

Being the spinnaker beyond repair, the change is approved. A new certificate will be issued before the start of the race 2
