

49er, 49erFX and Nacra17 Junior World Championships

Equipment Substitution Request

Received: 2021-07-08 02:00 CEST

Request No: 09

Boat: 49erFX - NED 69 - Umoya - Florine Bramervaer

Request:

Old Equipment:

My Kite got a hole in it before the start of the first race of day 2, so we had to grab a spare kite. We did make it to the first start. But had a different kite.

New Equipment:

The new equipment as described above was a spare kite so that we could do the 3 races.

Reason:

The reason for the change was because there was a hole in our race kite. we noticed it before the start of the first race, but only on the water did we see that there was a hole in the kite, that is why we made a change to a different kite, we are fixing our race kite so we can sail with it tomorrow.

Response: Approved

I agree
