Notice:

NOTICE TO COACHES

Dear Coaches,

The Organizing Committee would like to inform you about an incident of vandalism and theft that occurred yesterday in the camp. In the open sanitary facility, a toilet bowl was broken and shower heads were removed. There have also been reports of stolen sailing equipment.

The entire camp is under video surveillance, and the individuals involved have been identified. We kindly ask you to address this matter within your teams and to ensure that all stolen equipment is returned in front of the Regatta Office by the end of the day.

Our goal is to resolve this issue within the sailing community and to avoid the need for higher authorities to become involved.

Please also note that a camera has been installed today in the tent where sails are stored, so make sure to inform your sailors and encourage responsible behavior.

Thank you for your understanding and cooperation.

Sincerely,
Organizing Committee
