Notice:

Good day to the IOD Fleet Competitors,

Similar to last year we are making available a menu that can be pre-ordered prior to racing, so food will be ready when you are back in from racing for the day. This menu is available, on race days, Tuesday May 2 through Friday May 5.

To place an order please complete this [online form](#) before the going out racing. The Race Officer will do a last call on VHF 73 prior to the start of the last race.
