**Notice:**

Racers will notice that the rating used to calculate start times is not the one used for course racing. This year PHRF LO calculated a separate rating for Point-to-Point Pursuit Races. This second rating can be found under the heading "Certificate Details" of your boat's certificate page on the PHRF-LO website. The P2P TCF for both FS and NFS is the last line of boat specific information on a PHRF-LO Certificate.
