Description

we sailed Port-Tack, with 56895 (bow nr. 35) wind-ward behind us, also on Port-Tack. We wanted to tack, we thought we could manage to finish fast and cross in Front of 56895, but it didnt fit. We had to tack back very fast, but it was to Late, so 56895 had to make a tack too, even if They had right of way. Somehow, we landed in the middle of the goldfleet-downwind, so we couldnt make our Penalty Turn immediately. As Soon as we managed to get out of the Gold-Fleet and had enough Space, we did a 720° Turn as our Penalty.
