**Question No: 02**

**Question For: Race Committee**

**Question:**

I desire to question the decision making of the IJ.

I believe they are completely missing the point that the Waszp class is very fast and there are many many close calls.

Getting a DNE for touching a mark is completely out of order and sets a very dangerous case.

Every sailor tries to manouver as safe as possible to avoid injury and boat damage.

It is not easy to see if a mark is touched or not. The sailor can never be sure.

If the IJ sees a boat touching a mark, they have every right to protest and disqualify, but inflicting a DNE on a boat is completely wrong.
