

2022 Formula Kite Europe Championships

Question for Officials

Date: 2022-09-26

Question No: 05

Question For: Technical Committee

Question:

Because of the bad weather arriving soon, some riders agree that we should be able to take our equipment home to prevent the equipment getting wet or damaged.

There is no way to be sure that our equipment won't get wet from above or below, and the wind may also cause problems.

Can we take our equipment home, at least for the next couple of days?

Answer:

Request accepted.

Considering the weather conditions forecasted for tomorrow, 27 September 2022, equipment subject to registration may be removed from the venue until further notice. This changes NoR/SI 16.5
