

2022 Formula Kite World Championships

Question for Officials

Date: 2022-10-09

Question No: 09

Question For: Organizing Authority

Question:

Qualification System 2.10 says,

Any unconfirmed entries at the end of the on-site registration will be offered to interested competitors by name.

I understand there were 93 entries in the Formula Kite Men's event of which 1 was unconfirmed by the end of registration. Could you confirm when this will be made available to the local waiting list referenced in 2.10.1?\

Answer:

The maximum quota for the mens event is 90 places. The quota may be increased to accommodate entries from countries that have no entry yet.

The event has 92 entries including exceptions as outlined above.

QS 2.10 can only apply if the maximum quota has not been reached.

As a result, no additional places have been made available.
