

2022 Formula Kite World Championships

Question for Officials

Date: 2022-10-12

Question No: 22

Question For: Technical Committee

Question:

My equipment has unfortunately still not arrived in the airport and the airline (KLM) tells me it is expected to arrive from Milan this afternoon (oct 11). What are my options? Can I borrow equipment from a friend to use today and then my own gear tomorrow? Or can I only ask for you to postpone the equipment expectation to tomorrow without participating in today's racing? As you can imagine this is a most frustrating situation and I hope for your understanding.

Answer:

Sorted
