

2023 RS500 World Championship

Question for Officials

Date: 2023-07-25

Question No: 03

Question For: Protest Committee

Question:

We got the answer to our first question, but we're confused. Because it says that we were pumping the spinnaker 12 times by pulling and releasing. But in our opinion we did it the way you need to, because of the wind shifts. So we would like to have a more detailed explanation, because we thought we did the normal thing to do

Answer:

A complete explanation of RRS 42.2(a) has been given orally
