

African Qualifier for The Olympic Games Paris 2024

Question for Officials

Date: 2023-12-08

Question No: 02

Question For: Protest Committee

Question:

Hi,

My question is regarding the fact found on protest n 5 from Technical committee against Tun 10 in race 8&9.

First question: facts found mentioned that Tunisian 10 based his comments about the marathon race distance from a facebook post so can you share this post with us? Did Jury confirm the timing of the post is it before or after the meeting? Is the individual who posted this, is part of the Tunisian team? How possibly someone got into our racing course when all boats has to avoid our course area?

Second question: Tunisian 10 mentioned to my Coach and I after the Coach meeting that he did not know that he can't use a GPS and he was not sure how to fix the situation and we advised him his best defense is to say that using the GPS did not give him any advantage during the race taking in consideration that he scored 4th in the marathon race. so how can we bring this fact to the jury?

Thanks you so much for all effort this far.
