Question No: 01

Question For: Race Committee

Question:

Q@SI 13.4 questions: 1. If Mark 1 is moved, qq 2 will not be "relocated". This suggests that Mark 2 must still be rounded per the course description after the change Mark in its original location. Is the intent that in case Mark 1 is moved, Mark 2 is no longer part of the course? 2. As robotic marks are going to be used, how will the race committee indicate that a Robot mark is no longer in use, for example at a leeward gate where Mark 3P has drifted significantly downwind and is out of position? 3. What is the intended distance and TWA from Mark 1 to Mark 2? 4. What is the intended separation of Marks 3P and 3S?

Answer:

1) "in case of change of course mark 2 will not be relocated".

Mark 2 must not be rounded

In this case, course is:

start 1 2 3s/3p change 3s 3p finish

2) Robotic will be anchored or pickup and replace by a boat with M flag

3) 1to 2 : approx 0.15 Nm, 90 °

200 m approx between 3s and 3p
