## Question for Officials

**Date: 2024-06-26**

---

**Question No: 01**

**Question For: Race Committee**

**Question:**

Can you please advise on rules of changing sails between days. I have a new set of sails that have just arrived (the main sail only 2 hours ago). I would probably prefer with the forecast tomorrow to be able to use my old sails tomorrow and change to the newer ones for Friday/Sat/Sun. Can you advise whether this is allowed.

---

**Answer:**

We have just issued SI Amendment 2 SI 19.3 which allows you to use different sails on different days.
