## Question for Officials

**Date: 2024-12-21**

---

**Question No: 01**

**Question For: Race Committee**

**Question:**

Why did you keep the 45m time for warning signals after Delta, on the 22, when we have to sail much further? With respect, coach Duarte

---

**Answer:**

45 min is more than enough. Today the sailors reached racing area in less than 15 min. If there will be a problem, Race Committee will postpone the start.
