

2025 Joint IKA & WISSA Snow Kite Racing World Championship Question for Officials

Date: 2025-02-04

Question No: 01

Question For: Race Committee

Question:

Could you please review NOR/SI regarding speed contest? If you are putting kites, sleds and wings to compete together, it will not be fair race. I guarantee kites will fly twice larger sq.m. sizes and be 10-30 km/h faster. Suggest to separate by classes.

Answer:

There will be an overall winner and for each category
