

Sailing Point Easter Regatta Question for Officials

Date: 2025-04-19

Question No: 02

Question For: Race Committee

Question:

Dear Race committee,

I have a question regarding the split of fleets. According to the sailing instructions, the fleets will be split to final series, with as much as equal division and a number of silver no larger than the gold. We have in total according to the results 467 boats, and 464 that raced yesterday. If we divide by 4 this is: 116,75 for 467 and 116 for 464. I am ranked 96 but I am positioned in the silver fleet. Is this correct..?

Answer:

There are 467 sailors registered and if you split this to 5 is 93.4
So Gold fleet has 94 sailors. Good luck and win the silver fleet.
