Question No: 08

Question For: Race Committee

Question:

Hi good evening. I hope you are well?

I would like to notify you that yesterday I submitted our final ORC rating certificate.

The one I submitted earlier this week was an old certificate as I was unsure the new one would arrive in time.

Wednesday 29 April at 14:00 I submitted our final and correct ORC International rating certificate.

The new certificate has the correct crew weight and sails on it now.

Our CDL has gone down to 13.502 and thus we have dropped into Class 1.

We are currently showing in Class 0 as our old certificate is still on file.

I have emailed the correct certificate again to the Rocia Lozano as well as provided the correct certificate in physical copy to the racing office. I would like to request and confirm that we are now in ORC class 1 with CDL 13.502.

Please do not hesitate to contact me should you have any questions or issues.

I thank you for your time and assistance.

Many thanks and best regards

Josh Banks
