

2025 Van Isle 360

Question for Officials

Date: 2025-05-15

Question No: 02

Question For: Race Committee

Question:

We want to print up ORC scratch sheets in advance of the event. Two questions: 1) have you a date in mind for publishing class breaks? 2) has the RC given thought to the ORC model most likely to be used? 5-band windward-leeward? Triple number? Etc.?

OK, one more questions...does the RC expect they may have to use a model for specific legs other than the general chosen? For example, on the Pt. Hardy to Witner Harbor leg, the Predominant Reaching model vs. windward-leeward?

Thank you in advance

Answer:

At the time of publishing this response, any division assignments are considered provisional and subject to change.

Division assignments will not be considered official until ORC Ratings are considered final and reviewed in accordance with NoR 6 / 28 May 2025

The scoring system and choices will be published with the Sailing Instructions.
