**Answer:**

For W/L course see answer to question 2.

For coastal race SI 15.1 will applied :

"Except for the Finish, it's not allowed to sail between the starting mark and the Committee boats after the start, except to comply with RRS 29.1, 29.2, 30.1 and 30.4"

If the boats need to pass back near the starting line ( in case of offset mark for example), the two starting marks will stay in place until the last boat has cleared the outers of those marks
