Question No: 33

Question For: Race Committee

Question:

Dear sir madam,

We are a full corinthian crew, however due to a buck in the world sailing website one of the crew members (NEDKM3) lost the classification but it is not feasible to get a new classification. We have contacted World sailing but up to now we did not receive an answer. But attached is the original classification 1 given by World sailing this month. This sailor is a dentist, and is only sailing 10 days per year races so no professional sailor. So we would like to qualify as corinthian crew in the results. Thank you for your help and kind

Answer:

Unfortunately time to apply to corinthian have finish, as is written in NOR. So we can't accept corinthian entry.
