

2025 Formula Wing Youth + WingFoil Racing Masters Worlds

Question for Officials

Date: 2025-10-23

Question No: 02

Question For: Race Committee

Question:

As part of the registration of my equipment, I noticed some discrepancies concerning the second glider. Together with the surveyor, we verified the serial numbers and those are correct, but I'm not quite sure what needs to be changed so that the yellow field indication disappears. Thank you for your understanding and assistance.

Answer:

Some of the yellow markings are as note for later verification. It will be removed in the workflow.
