

Long Beach Race Week

Question for Officials

Date: 2026-06-27

Question No: 02

Question For: Race Committee

Question:

Swordfish was not racing one design. And all we can find is a one design rating (84). They were using both a Genoa and a mast head spinnaker. Do you have a copy of their rating we can see?

They are using 78 rating. My 78 rating does not allow for a mast head spinnaker.
