Question for Officials

Date: 2026-07-23

Question No: 03

Question For: Technical Committee

Question:

Dear Technical Committee,

Team Nola would like to formally request an extension for the measurement of the yacht's freeboards and stability.

Due to an engine issue, we were required to remove the engine from the yacht. We had arranged an appointment with the Spanish measurer (Tacha) for Monday, 27 July. However, as the necessary engine parts will not be ready in time, we will be unable to proceed with the measurement as scheduled.

We therefore kindly request permission to complete the freeboard and stability measurements no later than Friday, 31 July.

We apologise for any inconvenience and appreciate your understanding and consideration.

Kind regards,

Team Nola

Answer:

Tiene autorización a presentar el certificado de medición no más tarde del 31 de julio.
