### Scoring Inquiry:

We kindly request to correct the result because in last race today(12 overall) we sailed through meta as third boat follow 117 677 and before 118 047. In the same moment finished two other boats with genaker, but unfortunately we don't remember numbers of it.

### Witnesses:

We suppose that boat 118 047 should've seen us because we fought with them about third place.

### Response:
