### **Scoring Inquiry:**

Dear Race Committee,

I hope this email finds you well. I'm writing to inquire about the handicap ratings for J24 boats in Division I & II, specifically regarding the "white sail" category.

I've noticed that my handicap rating is the same as J24 boats sailing with spinnakers, despite having registered as a "white sail" entry for this series. However, I've observed that the J24 "La Solution" (hull number 336) has a different handicap of 0.993.

Could you please clarify:

1. Are there different handicap ratings for J24 "white sail" versus spinnaker configurations in Div I & II?
2. If so, has my handicap been correctly applied given my "white sail" registration and raced all the races in "white sail"?

If an error has occurred, I kindly request that my scores be adjusted accordingly.

Thank you for your attention to this matter. I look forward to your response.

Best regards,
