**Course:**

**Race No.: Series 3**

**Posted Score:**

**Competitor: W/sail - 1 - CAN 54956 - Ghost Owl - Richard Fabien**

### **Scoring Inquiry:**

Good afternoon, i have noticed that Ghost Owl handicap in individual races is correct 1.086 as were racing white sail but in the race summaries it indicates spinnaker handicap 1.113 so I don't think there are mistakes in actual results but it would be less confusing if both would indicate w/sail handicap.. thanks Richard

### **Response:**

The summary will always show your spin handicap (it's a Sailwave limitation). The individual race results the actual handicap used to score each race will be shown & will be used to calculate the summary results.
