Scoring Inquiry:

Hi I have a question about scoring the DNF boats Friday. Normally dnf scores points totalling the total number of boats sailing in the event are applied to dnc dnf dns boats. The total number of boats sailing in the event in Div 1 is 10 but ranking shows that those boats who did not finish get a 7. Should it not be a 10 instead? It makes a big difference on our boats overall ranking when we add points. Please clarify it seems inconsistent with normal scoring. Thank you. Cedric
