

Fraser River Lightship Race

Scoring Inquiry

Course: Fraser Lightships

Race No.: 1

Posted Score: 10

Competitor: ORC 2 - ORC 2 - APH 530 to <580 - 3 - Krikkit - Simon Hill

Scoring Inquiry:

There's something wrong with the scoring. Two problems, actually:

- 1) It appears likely that possibly the wrong rating was used for Krikkit. For sure, if we finished only 15 minutes behind Kodiak Express, we should likely beat them on corrected time, or certainly be very, very close on corrected.
- 2) Also, we finished only about minute or so behind Fortissimo, not ten minutes behind. And Skywalker was nowhere in sight when Fortissimo finished, so there are some problems with the finish times (either Fortissimo's time, or Skywalker's, or Krikkit's). I actually thought Krikkit finished at 15:00:09, but that would still leave the question of why Skywalker is shown as finishing right around the same time, when Fortissimo and Krikkit in fact finished right close together well separated from the rest of the fleet (no Skywalker in sight). I did call into Committee about 45 seconds after finishing, if that helps. Fortissimo then called in after me.

Witnesses:

My whole crew. Also Fortissimo.

Corrected Score: Time and rating adjusted as per response

Thanks for the inquiry. There were a couple of errors.

Your rating was indeed incorrect. It looks like there is a glitch with the summary file we download from ORC that impacted your rating. Looks like you were the only ORC 2 in today's race impacted and I've corrected that.

Secondly, the data entry person (apologies) used Skywalker's finish time for both Skywalker and Fortissimo.

That has also been corrected.

Please check the updated results and see if you see any further issues.
