Scoring Inquiry:

Hi I was just reviewing the scoring for the race and have a question about the numbers you used for the winner, Through- it appears inconsistent with the other numbers used for the racers. You used the 5-band med/high for all boats except through. Please advise

Response:

Corrected Score: Rating corrected, but placement not impacted

There was an issue with the summary file from ORC containing all the ratings.

I have fixed the rating used in the scoring for this race and as you can see the results have not changed

Thanks for catching that.

Michael
