### Scoring Inquiry:

Please note that the lap counting shown is still incorrect.

For example, for HKSSA, they have count of laps 21 and 22 and 46 and 47 for zero minute (ie, four laps in no time), as well as lap 15 which is not time coherent with time of lap 14 and 16.

Thank you

### Response:

Following close inspection of the data, the race committee finds that some inputs were erroneously and accidentally entered. This resulted in laps with 'zero' time and laps with extra time.

The Race Committee is satisfied that these are cancelled out and thus resolved correctly in the final lap count.
