**Posted Score:**

### Scoring Inquiry:

Score: lap 64

According to the time practice, R7 average lap time would be around 15mins but for the lap #64, it took 25:20:6, would that be double court for the lap time as two laps into one lap?

---

### Response:

The online results available to competitors (which may include anomalies and erroneously inputted data) has been cross-checked with the lap counter's records and notes, and the race committee is satisfied that the scored lap count is correct.
