**Posted Score: not scored**

**Competitor: Laser 28 - CAN 114 - Convictus - Denise Bienvenu**

**Scoring Inquiry:**

I registered before the race on Thursday, around 6pm on my mobile phone. I never received a confirmation of registration. Is it possible that an error occurred because I registered from my mobile. The results do not show Convictus as racing.

**Witnesses:**

My whole crew were witnesses to my registration, as I finalized it while waiting at the club before leaving for racing.
