### Scoring Inquiry:

I finished the race first. I did not see any boat ahead during the race.

I got Information from Davide consetti, Italian Coach, that another boat crossed the finishline in front of me. However apparently he did not complete the race course and shortend for him self.

The fact that I did not see him contributes to the scenario that he finished a lot earlier because of the shorter distance he sailed.

### Witnesses:

Munro-Price Archie GBR 222292 Cosseddu Davide ITA 224112 (boat behind me)
