Course:

Race No.: 1

Posted Score:

Competitor: Cruisers 5 - Blue Fleet - Irl 932 - Cevantes - Paul Conway

Scoring Inquiry:

I am following up on a previous enquiry about the results allotted to Cevantes for race 1 on Saturday 26 Apr.

Cevantes crew, including myself as helmsman / skipper, did line duty in the hut, Race Officer was Jim Dolan. Cevantes was awarded a DNC for ECHO and VPRS. Our understanding was that average points would / will be allotted for this race. Can you please confirm if this understanding is correct.

Thank you for your time in dealing with this request.

Best Regards

Paul Conway

Jim Dolan, DBSC RO

Response:

Hi Paul, I'm afraid that understanding is not correct. There is no provision in the DBSC NoR or SI's for allocating average points to boats whose crew perform line duty. Average points have not been awarded to any boat this season that has allocated crew to line duty.

In previous years (but not in the last few years) there were a very small number of cases where a boat whose skipper was requested to fill the role of Race Officer was awarded average points, but these were agreed with the committee in advance.
