### Scoring Inquiry:

i request to watch the finishing video because i know i finished 3rd place, i was wearing a white hat with a dark navy blue life jacket that says GBR MUSTO on the back of it, i finished in front of GBR 224751 and behind GBR 221318, it was a congested finishing line because of the both ILCA 6 fleets were finishing at the same time.

### Witnesses:

GBR 221318 and GBR 224751

---

### Response:

Video evidence and physicals record shows that between 1318 and 2541 there was another red fleet boat number 4572
