Scoring Inquiry:

Hi there,

Our boat is marked as RET for race 29 on the results sheet, even though, we completed the course, crossing the finish line and getting a 'beep'. Note that, due to the conditions, we did not start race 30. Once the committee boat had finished the starting sequence for the fleet, we called them as a matter of courtesy to let them know that we were going in for the afternoon, which may have caused confusion. My understanding is that there is a paper record of race 29, so I would be grateful if our results could be updated to reflect that. As requested, IRL7007 Small Wonder finished before us, and we were last to cross the finish line.

I look forward to hearing from you. In the meantime, if you have any queries, please do not hesitate to contact me.

Regards,

Kieran Kingston

Response:

Corrected Score: 5

There was a time taken at the finish which has now been applied to that race.
