**Scoring Inquiry:**

I submitted this application yesterday but with the wrong race number so it was dismissed. This happened in race 2.

Unfortunately i cannot remember the boats numbers that were around me but i suspect that the committee might have the results as i am still noted with a result. In all of the races i completed 2 laps with the second race being no exception. I believe my high score comes from the fact that i may not have been noted doing my second turn by the committee. I believe i may have finished in the low 30's so if at all possible could you check my last upwind mark rounding positioning and decide on my result from that.
