**Posted Score:** DNC

**Competitor:** SB20 - irl 3475 - Sneaky B - Charlotte O'Kelly

### Scoring Inquiry:

We were less than a minute late to the start line. So we sailed down to the Yellow line start. Once we went downwind of the transit as per the transit marker on the start hut we hardened up to port and started racing. We would like our race to be counted, as we finished first ahead of J80 No.9 who were also out sailing on Tuesday. We were the first boat through the finish Line having completed the race course. The other SB20 started after us as they arrived even later, they finished quite far behind us.

### Witnesses:

We have the vakaros (computer) time and track to show that we crossed the start line and also finished, and our times, we can send you a screen shot if you provide us with an email address. Slightly steamy saw us, as did J80 No. 9 who we were quite close to until the last downwind as we flew our white SB20 spinnaker.
