Scoring Inquiry:

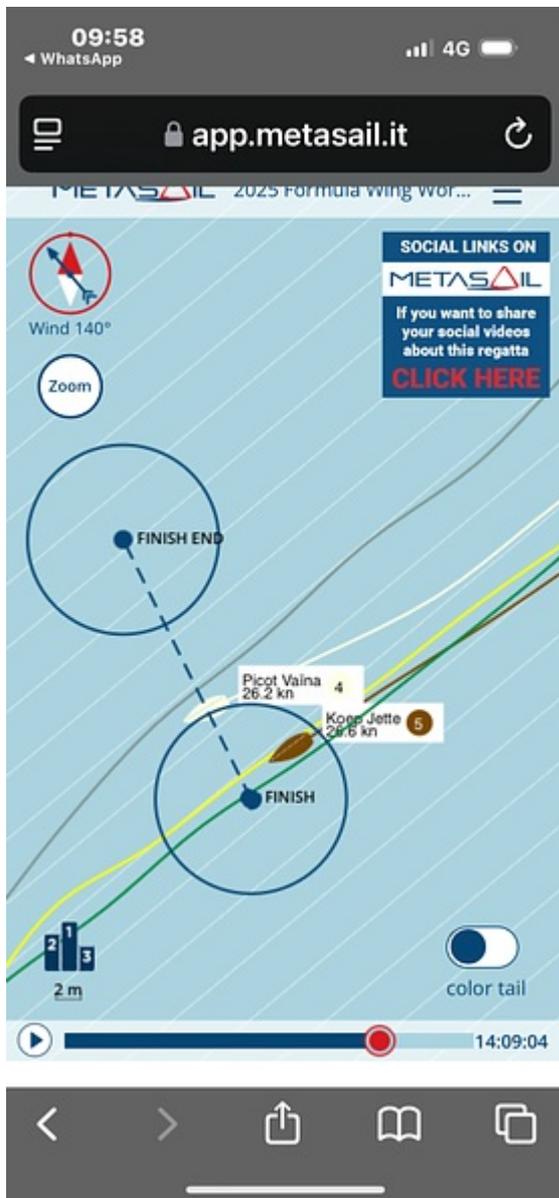

I would like to submit a scoring inquiry regarding Race 11.

According to the posted results, I am ranked 5th behind the boat Koep Jette. However, based on the tracker data, I finished in 4th place with a slight lead over this boat.

I therefore respectfully request a review and, if appropriate, a correction of the results for this race.

Response:

Tracking data is not accurate enough for finish line decisions.

Finish video reviewed, scoring confirmed with 107 ahead of Blue (100).
