Scoring Inquiry:

During Race 7, about 30 seconds after the start, two Cadetti boats numbers ahead or otherwise of me collided and capsized. One of them struck my boat, capsizing me. I was unable to continue and was scored DNC. The incident was entirely through no fault of my own and resulted from other boats breaking Part 2 rules.

I request redress under RRS 62.1(a) as my score was made significantly worse by this incident. I ask to be awarded average points of my other completed races.

Witnesses and coach can confirm the incident as well as the race committee.

Response:

not accepted. You should do a request of redress to the Jury
