### Scoring Inquiry:

After completing the second race today and returning ashore, I was surprised to learn that the race had been abandoned.

Having finished such an important race, sailed in challenging yet fully regular conditions, it is impossible for us to accept its abandonment. I therefore believe it should be considered as a valid second race for the Red Fleet.

I, ITA 57580, properly crossed the finish line, which was correctly positioned, and ten other boats finished after me.

The abandonment of this race would be extremely penalizing for me and my crew, considering the effort invested and the result achieved on the racecourse.

### Response:

Confirmed abandon the 2nd race for Red fleet. ITA 57580 is called to Race Office at 10.00 pm on february 14th for the reason.
