Scoring Inquiry:

The standings say I finished 24th in the first race, but counting the boats during the final reach and comparing them with my coach, who assisted the race watching the tracker, it should appear that i finished 18th. the boat that i had in the front was SUI 221579, and the one i had behind was ITA 227765. I ask you to watch again the tracker to verify my request.[IMG_5182.jpeg]
