### **Scoring Inquiry:**

During the final minute before the start, Morgan Clarke (USA 157) was to windward of me and remained clearly bow-out relative to my position throughout that period. Morgan is currently scored 16th in the regatta and does not appear to have been assessed a UFD.

Given that she was consistently farther forward than I was during the final minute before the start and was the closest boat to me, I am trying to understand the basis for my UFD scoring. If the race committee's records show that Morgan was not identified as over the line under the UFD rule, I would respectfully request a review of my scoring, as my position was consistently astern of hers during the final minute leading up to the start, it would be great to receive my original score in the race which was an 11th.
