### **Scoring Inquiry:**

How do I review PHRF certificates that are not on the PHRF social site? I got a response that I could review them, but I don't understand how.

---

### **Response:**

Cuchulainn has two rating certificates on the PHRF SoCal website. A temporary and regular. He is using 601M which has a regional RLC of 80. If you believe he is not sailing in that configuration you should file a hearing request,

Swordfish has one rating certificate on the PHRF SoCal website. That certificate indicates that the rating should be 84 not 80. I will check and see if we should change their rating to 84.
