**Request No.: 23**

**Course: GNS 3-3**

**Race No.: 3**

**Posted Score: DNS**

**Competitor: Laser 28 - RStLYC 207 - GAUCHO - Audrey Trigub Clover**

**Scoring Inquiry:**

Hello, we had a problem when hoisting our main and arrived late. We received an email 28 june to keep clear of the starting sequences so we did not approach the committee boat to register as white sail due to lack of crew. But we did start with the White Sail racers at the end and actually did well and we were greeted <over> when we finished (have pics of us crossing between committee boat and pin). But looking at the scores I am completely confused....What is your opinion on this score? Thanks for clarifying

**Witnesses:**

Jeff Spencer (BYC) on board and perhaps Airway?

---

**Response:**

Hi Audrey, please refer to the Notice of Race for starting, Division 1: PHRF 1 & 2 Classes. The Laser 28 is designated a PHRF 1 boat and is not eligible to start in the White Sail division.

You are able to use your Non Spiniker handicap if you are choosing not to fly your chute by displaying a white burgee from your back stay at registration and while racing.

I am unable to score you if you did not start in the correct fleet.
