Scoring Inquiry:

Dear comité

I sailed on starboard towards the finish. Estland (5) came on port and tacked under me. I rolled (sailed over) Estland and was 100% sure that I was in front. I asked him right after the finish en he thought it was me ahead too. I looked at the score and I was given a 6. After that I looked at the video my coach made. It showed that I was in front of Estland before crossing the line. I would kindly ask you to review this matter.

I added some pictures that show the finish. Thank you for the consideration

Witnesses:

Coach filmed it

Response:

Corrected Score: no change

We reviewed the finish line video and we stand by our decision. However, it was very close
