### Scoring Inquiry:

The first race I wasn't 37 for sure, I was around 15.

Third race, I got a OCS when all the races were started with a U flag. I was 9th for the third race.

### Witnesses:

### Response:

Corrected Score: R1: DNS and R3 OCS

According to the start list, you were sailing in blue flight. You appeared to have sailed in the green flight races. Hence R2 score is correct. R1 you should have sailed in the first fleet so I will have to enter you as DNS as you will not have made it over the line in time. In R3 you started in the first start instead of the 2nd so you were DNC at the start.
