Scoring Inquiry:

Dear CDR and Jury,

I am writing because I am scored DNC in the race number two, blue fleet (open 420).

I have two videos that show my position on the arrive line.

I crossed the line close to the mark.

From the videos it is possible to see that I am crossing the line in front of ITA 56450, scored 12 (he crossed the line close to the mark) . Than it's possible to see that I cross the line in the meantime of ITA 57361 scored 11 (he crossed the line close to the arrive boat). I crossed the line few second after FRA 56879 and ITA 57363, scored 9 and 8 (they were close to the arrive boat).

Attached you can find the video and some pictures.

I am available to show the video, I don't know if the resolution is enough good after the transfer.

Thanks for your time

Best regards

Cesare Guglielmati

Witnesses:

In the video I see that a rib with the flag assistente is close to the mark, sighting the finish line, making a video and writing numbers. So I think that he could be a good witness. Also his video could demonstrate my position on the finish line.
